Masterpiece

Fence & Gate Inc.

Workmanship

This is to certify the 10 year Warranty on the fence built at your residence.

This warranty is to cover all workmanship of the fence built by Masterpiece Fence and Gate. Masterpiece sign must remain on the fence to signify that this fence was a creation of original workmanship.

Gates are not covered under warranty due to wear and tear of daily use. Adjustments may be necessary over time to ensure proper closure and may include adjustment or re-seating of metal posts. This is caused by natural ground shift and is not covered by this warranty.

Maintenance

Warranty also covers free labor to re-stain fence for the next 10 years. Masterpiece recommends this to be done every 2 years. It is the policy of Masterpiece Fence and Gate, for this warranty to remain in good standing, that required proper maintenance must be up kept (re-staining) and all products used on fence must be approved by Masterpiece Fence and Gate.

Proper maintenance requires that soil, plant material and debris be kept away from cedar pickets to prevent moisture related wood rot. This is especially important at ground level.

This warranty does not cover acts of nature, vandalism, tree damage, nor ground shift caused by drought or weather.

Thanks you for your Business.
